

Crystal Touch PCAP Touch Panels for Marine Applications

DESIGNED FOR:

- Fresh and salt water applications
- Extreme environments
- Outdoor applications
- Use with polarized sunglasses

BENEFITS:

- No false touches caused by water droplets
- No false touches caused by water spray
- Anti-glare
- Anti-reflective
- Non-birefringence*
- Scratch resistant
- Ruggedized
- TRUE multi-touch functionality

**Birefringence: splitting a light wave into two unequally reflected waves resulting in a rainbow effect.*
